

'Always on Final'

This presentation will consider: flight plan flexibility, weather effects on flying conditions, terrain variables and safe routing techniques, airspace routing management, physiological factors, piloting distractions, and essential and optional equipment.

Directions: From North or South on Euclid Ave (83), turn East on Merrill Ave., then South (right) on Stearman Ave., (first and only turn possible).

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
